

23 Aug 1977

Dear Mom & Dad,

I see your very hot weather has ended and I'm sure you are more comfortable now. Our weather has been pleasant but very dry and now there is a water shortage.

Mike & Jim Sturbois visited us this weekend. They left the two kids with neighbours so it was a nice vacation for them. On Sunday we had a picnic lunch and then went for a long walk along the C & O canal. Later on we fixed dinner and listened to the Elvis music on the radio. Monday morning we went to the Smithsonian.

We have been busy since getting home. The evening we went into Georgetown to see "It Happened One Night" with Clark Gable and Claudette Colbert.
